

## ***PLEASE FILL OUT YOUR SURVEY!***

On September 1, 2005, about one in every 13 households in Maricopa County will receive the 2005 Census Survey. The survey will provide updated population numbers that will be used to determine how much state money each community receives over the next five years for vital city services such as police and fire protection, libraries, parks, schools, and other public services.

Information collected in the Survey will be kept safe and confidential.  
For more information, visit [www.census2005.com](http://www.census2005.com).
